Dear Friends/Comrades:

The heroic struggle of the people of Namibia for their independence, led by the comrades of the South-West Africa People's Organization, has reached a critical stage.

Because of the continued intransigency of the racist South African regime and the ineffectual negotiations by the Western "contact" groups there has been no progress towards a free and fair election in Namibia. In the meantime South African military forces are killing large numbers of SWAPO members and supporters both inside and outside Namibia. This situation is intolerable.

Progressive people around the world are united in solidarity with the Namibian people. We, supporters of this struggle, are planning a fundraising event to help our brothers and sisters in their fight.
