PROTEST SOUTH AFRICA

THE TRUSTEES HAVE STATED THAT ONE OF THE CRITERIA FOR RECONSIDERING THE ISSUE OF STANFORD'S ROLE CONCERNING CORPORATE INVESTMENTS IN SOUTH AFRICA IS A CLEAR DEMONSTRATION OF "COMMUNITY CONSENSUS."

In the last two weeks, we have gathered 3000 student, staff and 75 faculty signatures, along with dozens of endorsements from Stanford community organizations. A two day vigil and hunger strike set the stage for a rally last Tuesday in White Plaza which attracted over 700 people. Despite this open mass display of support and concern, the university administration gives no indication that the trustees will reopen the question.

The Stanford Trustees will meet Monday and Tuesday in San Francisco and will be discussing corporate investments. BY A MASSIVE DEMONSTRATION OF "CONSENSUS" ON CAMPUS, WE CAN CONVINCE THE TRUSTEES TO RECONSIDER STANFORD UNIVERSITY'S STAND ON INVESTMENTS IN SOUTH AFRICA. WE URGE EVERYONE TO JOIN IN OUR CALL FOR A MORAL AND RESPONSIBLE INVESTMENT POLICY.

THE STANFORD COMMITTEE FOR RESPONSIBLE INVESTMENT POLICY CALLS UPON THE BOARD OF TRUSTEES TO ACT NOW TO MEET THE FOLLOWING DEMANDS:

1) that Stanford vote its 94,500 Ford Motor Company shares in favor of the stockholder resolution mandating Ford's withdrawal from South Africa.
2) that the Trustees abolish the Committee on Investment Responsibility and that a new commission, with real power, be created representing all Stanford constituencies.
3) that a report be prepared by October 1, 1977 describing the costs and benefits which would result from Stanford's divestment of its shares in corporations operating in South Africa.
4) that the Trustees meet with us before dead week.
