TO ALL PERSONS WHO ATTENDED THE ANGOLA SUPPORT CONFERENCE

FROM R. W. PREXY NESBITT, Conference Administrator

My apologies for the delay in getting this out to you. We had to wait on the payment of some bills before having the funds for this mailing (if any of you wish to defray these costs further, just send a dollar or two to "Angola Support Conference" address in the corner).

Attached are the resolutions and a mailing list of those registered at the conference. It was great meeting all of you in Chicago and the conference was a great beginning.

The Interim Angola Support Committee will be meeting in the middle of July in New York.

A luta continua,
RECOMMENDATIONS AND RESOLUTIONS FROM THE CONFERENCE

There were four (4) major workshops conducted during the Conference: 1) Workshop on Dispelling Myths regarding the People's Republic of Angola ("PRA"), 2) Workshop on Material Assistance to Angola, 3) Political Support Workshop and 4) Workshop on Medical Assistance and Recruitment of Medical Personnel.

The recommendations made to the Conference by each workshop included the following:

1. From the Workshop on Dispelling Myths:
   a. Work on fund-raising through premiers of Robert Van Lierop's film on Mozambique and any other films especially relating to Angola;
   b. Arrange a tour by members of the MPLA through community-based organizations;
   c. Establish an effective communications network.

2. From the Workshop on Material Assistance:
   a. Create a Committee or charge a particular organisation with the responsibility of establishing a network to
send material support to the NIA. Such Committee or Organization would have two primary functions:

i) To focus on fund-raising to provide monetary aid to the PRA to purchase agricultural equipment. Such funds are to be sent directly to the PRA and the MPLA representative in the United States should be advised of such contributions; and

ii) To prepare and maintain a list of organizations and/or individuals interested in material support.

3. From the Political Support Workshop:

a. All conferees should begin work immediately in their local communities to support recognition by the United States and membership in the United Nations. This work should not await coordination and could include the following methods:

i) petition campaigns and demonstrations;

ii) lobbying in the Congress;

iii) influencing journalists and editors; and

iv) seeking to obtain support from other groups and constituencies.

b. For purposes of long-range coordination, a small committee should be formed immediately to work on this specific task of political support. This Committee should be responsible for drafting a position paper on why we call for recognition, tying the issue in with both domestic issues and with other kinds of support for the PRA.

c. Several Task Forces should be formed in several cities to fulfill specific tasks:

i) In New York: coordination and communication with members of the Security Council regarding appropriate strategy and timing for obtaining PRA membership in the United Nations!
ii) In Washington, D.C.: coordination of effort to secure political support from members of Congress;

iii) Possibly in California: Meeting or inducing meetings with Democratic candidates.

4. From the Workshop on Medical Assistance and Recruitment of Medical Personnel:

a. Creation of a central mechanism for the coordination of all material assistance programs.

b. Coordination of recruitment of medical personnel by one group.

c. Commitments from individuals and organizations regarding type of medical assistance they can provide.

d. Fund-raising efforts to raise $11,000 by the 11th of November, 1976.

In consideration of these recommendations, the Sponsors of the Conference met and determined that a national mechanism should be formed for the efficient coordination of efforts by North Americans in Support of Angola. In order to create such a mechanism it was also determined that an Interim National Steering Committee be formed which would consist of individual representatives of organizations committed to Angola Support and located in varying parts of the country. These proposals were presented to the Conference and both were adopted.

The individuals selected for the National Steering Committee were as follows:
1. Prexy Nesbitt - NS Out of Angola Committee & Chicago Committee for the Liberation of Angola, Mozambique and Guinea.

5. George Houser - American Committee on Africa.

10. Antonio Rodriguez - CASA.

15. Paul Pumphrey - Anti-Apartheid Movement, U.S.A.

This interim committee will be meeting within the next few weeks.
