That's the way you'll get facts about Washington's war against working people at home and abroad: from South Africa, El Salvador and Nicaragua, to embattled workers and farmers in the United States. Read our proposals on how to stop the U.S. government's support for the apartheid regime in South Africa, its intervention in Central America and the Caribbean, and the employers' offensive here. Read our ideas on what it will take to replace this system of exploitation, racism, and sexism with a system that's in the interest of working people.

At the plant gates, picket lines, and unemployment lines, the *Militant* is there, reporting the news, participating in the struggle. To subscribe today, fill out the attached coupon.
