May 3, 1990

Dear Endorsers of the project,

Thank you for your support of the Chicago-Alexandra Sister Community project during its important first months. As you can see from the enclosed list of endorsers you are in good company. Several Aldermen commented on this impressive list at the city council hearing on the resolution.

Now that our first goal has been reached -- the city council passed a resolution declaring Chicago a sister community with Alexandra on April 6 -- the project committee is making plans for more concrete activities that will link us with our sister community. As a result we have phone bills from calls to the Alexandra Civic Organization, xerox and postage costs. We are hopeful that endorsers can help us pay these costs. Some of you have been able to assist us already, and we thank you. If your organization can give \$25 -- or more if it is available -- we would be very grateful.

Included in this mailing is a press release you may wish to use in your newsletter. If you have any questions please phone Mark Weber at 427-4351. The project does not have a staff person, but as a member of the project committee Mark will take the calls this summer.

We welcome you to the next project committee meeting, May 20 6:00 p.m. room 205 at Lutheran School of Theology, 1100 East 55th Street. The room is wheel chair accessible.

Sincerely,

JOAN GERIG

Joan Gerig, member
Chicago-Alexandra Sister Community Project
