What can I do about South Africa?

Apartheid: the political, economic and social system which separates groups by race and keeps power and wealth in the hands of the white minority.

It is one of the worst injustices in the world today.

- 20 million blacks are ruled by 4 million whites
- 6% of black children die before age 5
- 87% of land is reserved for white use
- Blacks cannot vote

The tragedy of South Africa is not simply its own policy; it is the fact that the racist government of South Africa is virtually made possible by the economic policies of the United States and Great Britain, two countries which profess to be the moral bastions of our Western World.

Martin Luther King Jr., 1967
