HOW? These banks use your money to:
1. Make loans to the racist South African Government.

WHAT YOUR MONEY DOES FOR RACISM
1. Buys weapons to control the non-white pop. (83%).
2. Supports police enforcement of racial discrimination.
3. Encourages and legitimizes the white minority’s continuation of apartheid policy.

HOW THESE BANK LOANS AFFECT YOU
1. Take money needed for jobs in Chicago and use it to help the white minority of South Africa exploit its non-white majority.
2. Reduce available mortgage money in Chicago and thus contribute to redlining.

The South African government is now selling one-ounce gold pieces—Krugerrands—throughout the U.S. It has labelled the pieces "a gift of love" in its major advertising campaign. But they should be called a gift of blood—the blood of African miners forced to work for starvation-level wages in terrible conditions.

The South African economy, especially the mines, is based on the labor of blacks, who make up 87% of its 24 million people. Black miners often toil 3 miles underground, on 12-hour shifts, in hundred-degree temperatures. There are, on the average, 3 deaths per shift. To buy South African gold is to invest directly in the poverty and oppression of South African black people.

CONTINENTAL & FIRST NATIONAL SELL APARTHEID! THEY SELL KRUGERRANDS!
