October 22, 1975

Dear Friends,

Thank you very much for coming to the Working Conference on Southern Africa in Madison. We feel it represents an important step in improving the co-ordination of our work together. A spirit of co-operation and helpfulness was evident in all the groups participating.

As you asked us to do, we are enclosing materials which will help us have a record of our work and of what we agreed on:

-- minutes of October 13 meeting
-- basis of unity adopted by conference on October 13
-- nomination form for steering committee formation
-- list of projects discussed, with ratings of priority by group
-- list of projects, with groups which would like to take leadership responsibility for implementation
-- reports from workshops
-- list of groups represented at conference
-- evaluation form

(We have taken the liberty of including an evaluation form on the assumption that an evaluation of this conference would be helpful if a similar conference is planned for next year.)

Ben Magubane's speech can be obtained at cost from the Madison Area Committee on Southern Africa, 731 State St., Madison, WI 53703, as soon as copies have been made. Jennifer Davis' speech will be sent to all organizations represented at the conference directly from the American Committee on Africa.

PLEASE RETURN TO US BY NOVEMBER 10TH THE FOLLOWING COMPLETED FORMS:

1. Nomination form for steering committee
2. List of projects for which your organization is prepared to take some degree of leadership responsibility
3. Conference evaluation

Again, thank you all for coming to the conference.

Sincerely yours,

[Signatures]
