by January 8, 1990.

Once again, a plea for money. With these petitions, our campaign is in full swing. We must raise $45,000 to fight the good fight and elect these splendid candidates. If you have not yet renewed for this academic year (1989-90), PLEASE send in a check with your petitions.

DARTMOUTH DIVESTS

If Dartmouth, of all places, divests, how can Harvard refuse? Let’s keep up the pressure.

TUTU ATTENDS BOARD MEETING

Archbishop Tutu attended his first Board of Overseers meeting December 3rd, participating fully in committee meetings and the plenary session. In committee, he spoke to the issue of minority recruiting at Harvard. This time, his attendance was arranged at the very last meeting, and he asked that there be no big demonstrations. In the future, we shall have a proper welcome, and he will directly address the divestment issue.

So - circulate the petitions, send them in, send in some money, and we shall run a smashing campaign this year!

All the best,

Robert Paul Wolff
