URGENT

Friday, April 26

An Open Challenge to: Corbally, Gerberding, Parker, Brady, Murphy, Karnes, Stewart and Miller.

On Tuesday, April 25, 150 students marched to the offices of the U. of I. Foundation. Our demands 1) the U. of I. divest all its stockholdings in corporations doing business in South Africa 2) the following individuals resign either from the Boards of these corporations or from their position with the U. of I. Foundation:

- Thomas Murphy
- William G. Karnes
- Robert Stewart
- Donald C. Miller

This action re-affirmed and strengthened the decision of students on last year's campus-wide referendum. The Foundation officials refused to even hear our demands.

You can't hide forever. This letter informs you that an open challenge to debate has been issued (in today's D.I.). The topic of debate will be the U. of I.'s continued investment in apartheid. Your silence further condemns you.

We expect a response to the challenge before noon on Monday, May 1. Leave a message for Diane Meisenhelter at 344-1351. Further, the debate must be open to the public and take place by Friday, May 5. The time has come to face the consequences of your actions:

Signed,
Champaign-Urbana Coalition Against Apartheid
